Bone Dry Degreaser

Description

Bone Dry Degreaser is a powerful, low VOC, fast-acting concentrated degreaser for tough industrial cleaning jobs. With a water-based blend of buffered alkali, cleaning solvents, and detergents the Low Foaming Bruiser meets the heaviest cleaning challenges. Universal in application, it can be used for pressure washing, industrial cleaning, automatic scrubbers, spray systems, and other applications where low foam is required. Ideal for engine degreasing, parts washing, spray & wipe cleaning, hardened soil removal and more. Inhibitors prevent flash rusting on cleaned metal surfaces.

- Low foaming
- Low VOC
- Penetrates heavy buildups
- Cuts through grease, oil, tar, and rubber marks
- Loosens and removes carbonized soils

Equipment for Application

Bone Dry Degreaser can be applied using a scrubbing pad, auto-scrubber, mop and bucket, pressure washer, pump sprayer, and other manual cleaning tools.

Application

Dilute the Bone Dry Degreaser according to the degree of soil being removed and method of cleaning you've chosen.

Light soil: 1:16

Medium soil/Auto-scrubber/Pressure washing: 1:8

Heavy soil/Mop Bucket: 1:4

Carbonized soils: 1:2

Degreasing Directions

1. Apply degreaser using spray, brush or sponge
2. Allow degreaser to penetrate the soil
3. Scrub to remove and clean the surface
4. Wipe the surface dry

Do Not allow product to dry on glass as the glass surface may etch. Rinse food contact areas with water after use

Product Spread Rates

The spread rate for the Bone Dry Degreaser is 400 square feet per gallon.

Packaging

1 Gal. jug
5 Gal. Pail
55 Gal. Drum

Storage

Product must be stored in conditions above freezing and below 90 degrees Fahrenheit. The shelf life of the product is 2 years.

Product Specifications

1. pH: 13-14
2. Flashpoint: > 140 °F
3. Solubility in water: Complete
4. Specific Gravity: 1.07
5. Viscosity: <100 cps
6. Appearance: Clear Blue Liquid
7. Fragrance: Sweet Solvent
